1. Our Vision

The Catholic Church insists on the highest standards of academic achievement in its schools, so that our young people leave us as 'agents of change' – educated and caring people who have the qualifications, knowledge and skills they need to flourish as human beings and make the world a better place.

Inspired by our Teacher, Jesus Christ, and his good news to the poor, Plymouth CAST is committed especially to those who are disadvantaged. We are determined that a child's start in life need not determine their future.

In all our schools we will develop a culture of high expectation and aspiration, based on our fundamental belief in the dignity of all human beings. We want all pupils to flourish in safe, happy and enriching environments, taught and supported by adults who are skilled, motivated and committed to our shared vision and values.

We will work together as one Trust, one family of schools, a community inspired by a vision for excellence. We commit ourselves to deepen our mission and raise standards in order to provide an excellent Catholic education for every child in our care.

Attendance is fundamental to this vision.

2. The Importance of School Attendance

Improving attendance is everyone's business.

Good attendance is central to:

- safeguarding and wellbeing;
- academic achievement;
- positive mental health;
- friendship and belonging;
- future employment and life chances.

The barriers to attendance are often wide, complex and individual to each child and family. Plymouth CAST schools therefore work collaboratively with families, external agencies and local authorities to identify and remove barriers to attendance at the earliest possible stage.

If a child misses…	That equals at least…	Which is the same as….	And over 13 years of education that's…	Or at least…
1 day a fortnight	80 lessons per year	4 school weeks per year	Nearly 1.5 years	1040 lessons
1 day a week	160 lessons per year	8 school weeks per year	Over 2.5 years	2080 lessons
2 days a week	320 lessons per year	16 school weeks per year	Over 5 years	4160 lessons
3 days a week	480 lessons per year	24 school weeks per year	Nearly 8 years	6240 lessons

Regular attendance is one of the strongest predictors of educational success.

National evidence demonstrates that:

- pupils with attendance of 95–100% are significantly more likely to achieve expected standards and strong GCSE outcomes;
- even small amounts of absence negatively affect progress;
- persistent and severe absence are associated with poorer safeguarding outcomes, vulnerability and reduced life chances.

Within Plymouth CAST, attendance is viewed not simply as a statistical measure, but as a core element of school improvement, safeguarding and inclusion.

3. The Law on School Attendance

The law entitles every child of compulsory school age to an efficient, full-time education suitable to their age, aptitude and any special educational needs they may have.

Under Section 7 of the Education Act 1996, parents/carers have a legal duty to ensure their child receives suitable full-time education.

Where a child is registered at school, parents/carers have an additional legal duty to ensure regular attendance.

This means pupils must attend every day the school is open except in a limited number of circumstances, such as:

- illness;
- authorised leave granted in advance;
- religious observance;
- unavoidable cause.

Plymouth CAST schools will always seek to work supportively and collaboratively with families. However, where attendance concerns persist and support is not effective, schools and local authorities may use legal intervention to protect a child's right to education.

Exceptional Circumstances Leave of Absence

By law, Headteachers are not allowed to authorise absence during term time unless the circumstances are exceptional. A family holiday **would not** normally be considered as an exceptional circumstance.

All requests from parents for term time leave of absence must be made in writing to the Headteacher using the school's form, available on the website or from the Office. Wherever possible, a request must be made at least 3 weeks (15 school days) prior to the requested leave of absence. Parents will receive written notification to confirm whether their request has been authorised.

Each application from parents for an 'exceptional circumstance' leave of absence during term time will be considered on its own merit - see Appendix 8 Exceptional Circumstances Request Form

4. Working Together to Improve Attendance

12. Broken Weeks – Plymouth CAST Attendance Strategy

12.1 Core Principle

Plymouth CAST schools use “Broken Weeks” as the key operational trigger for attendance intervention.

This reflects the Trust’s commitment to:

- early identification;
- proactive intervention;
- pattern recognition;
- support before Persistent Absence is reached.

This approach aligns with DfE expectations that schools should identify patterns of absence early and intervene before absence becomes entrenched.

12.2 Definition

A “Broken Week” is:

Any week in which a pupil misses one or more sessions.

This includes:

- authorised absence;
- unauthorised absence;
- illness absence;
- partial attendance.

12.3 Rationale

The Trust recognises that:

- attendance percentages alone can mask emerging patterns;
- pupils may maintain attendance above 90% while still developing concerning absence habits;
- repeated broken weeks are often the earliest visible sign of declining attendance.

The Trust therefore expects schools to:

- act early;
- focus on patterns, not just thresholds;
- intervene supportively and proportionately.

12.4 Trust Expectations

Schools will:

- track broken weeks weekly;
- monitor patterns across cohorts;
- review pupils with repeated broken weeks;
- include broken weeks within attendance meetings and reports;
- use broken weeks alongside attendance percentage.

Trust reviews will consider:

- pupils with 2+ broken weeks;
- pupils with 3+ broken weeks;
- repeated patterns of single-day absence;
- attendance trends over time.

12.5 Key Messages

- Every week counts.
- Patterns matter.

- Support comes before enforcement.

Schools will adopt a supportive and inclusive approach.

Pupils with SEND

Schools will:

- consider reasonable adjustments;
- follow the trust SEND/Inclusion policy and Identification pathway to ensure that individual needs are identified and effectively met
- assess whether attendance difficulties relate to unmet need;
- involve the SENCo appropriately;
- Review and revise EHCPs and support plans as appropriate
- involve the trust SEND Lead Officer
- work collaboratively with parents and outside agencies.

Schools recognise that emotionally based school avoidance and mental health difficulties can significantly affect attendance.

Schools will:

- consider reasonable adjustments
- follow the trust SEND/Inclusion policy and Identification pathway to ensure that individual needs are identified and effectively met
- avoid punitive approaches where anxiety-based barriers are evident;
- provide graduated support;
- consider pastoral, therapeutic or external support;

- Where appropriate, follow the trust SEND/Inclusion policy and Identification pathway to ensure that individual needs are identified and effectively met
- work collaboratively with health professionals;
- support reintegration following illness;
- consider phased returns only where appropriate and time-limited;
- ensure pupils continue accessing education;
- where required, follow the trust's *Managing Pupils Medical Conditions in School Policy, and Trust Allergy Safety Policy*

Part-time timetables will only be used exceptionally, for the shortest possible time, and in accordance with statutory and Plymouth CAST guidance.

15. Persistent and Severe Absence

Although Plymouth CAST schools are moving operationally towards earlier intervention through Broken Weeks, schools will continue to monitor statutory attendance thresholds.

Persistent Absence

A pupil is persistently absent where attendance falls below 90%.

Severe Absence

A pupil is severely absent where attendance falls below 50%.

Pupils in these categories require:

- intensified support;
- multi-agency involvement;
- safeguarding oversight;
- regular review.

Schools will work closely with local authorities and external agencies where absence becomes persistent or severe.

16. Attendance Baseline Improvement Expectation (ABIE)

Schools must be cognisant and mindful of their ABIE.

Average whole school attendance must be monitored against ABIE.

This must be reported to the LCB.

Every school is expected to meet or exceed its ABIE.

School Improvement Officers will provide challenge and support for schools where the attendance is not in line with ABIE

17. Attendance Legal Intervention

Plymouth CAST schools seek to work supportively and collaboratively with families.

However, where attendance does not improve and support is not engaged with or successful, schools and local authorities may:

- issue Notices to Improve;
- seek Penalty Notices;
- use attendance contracts;
- seek Education Supervision Orders;
- prosecute under Section 444 Education Act 1996.

Term-time holidays will not normally be authorised except in exceptional circumstances.

Penalty Notices may be requested in accordance with:

- national DfE framework;
- local authority code of conduct.

Legal intervention will always be proportionate and considered carefully.

18. Monitoring Arrangements

Schools will:

- monitor attendance daily and weekly;
- review broken week patterns weekly;
- review vulnerable cohorts regularly;
- analyse attendance trends termly.

Trust leaders will:

- review school attendance performance;
- challenge and support schools;

The Trust Board and Education and Standards Committee will receive regular attendance reports.

First Day Call System

Parents should inform the school in advance of any planned pupil absence.

Parents should contact the school as soon as possible to report any unplanned absence

To safeguard pupils, the school has implemented a *First Day Call System*.

When a child is absent the office staff will call the parents to ascertain the reason for any unplanned absence.

- Complete an In Danger of Becoming Persistently absent action plan for every pupil at risk of becoming so.
- Use attendance data to find patterns and trends of persistent and severe absence
- Consider potential safeguarding issues and, where suspected or present, address them in line with Keeping Children Safe in Education

    - Discuss attendance and engagement at school
    - Listen, and understand barriers to attendance
    - Explain the help that is available

- Consider alternative support that could be put in place to remove any barriers to attendance and re-engage these pupils. In doing so, the school will sensitively consider some of the reasons for absence
- Implement sanctions, where necessary

- ensure attendance coding reflects safeguarding considerations where appropriate;
- challenge patterns of absence robustly and proportionately;
- maintain clear communication with parents/carers regarding attendance coding expectations.

Incorrect use of attendance codes may place schools in breach of statutory guidance and compromise safeguarding oversight.

Key Attendance Principles

- Registers are legal documents.
- Attendance is a safeguarding priority.
- Every session counts.
- Patterns matter as well as percentages.
- Early intervention is essential.

Dear [Parent/Carer],

Re: [Child's Name]

We know that children and young people fall behind when they miss school, even for short periods. Being in school every day supports learning, friendships, wellbeing and future success.

We have noticed that [Child's Name] has recently had a number of weeks broken by absence. While we understand that some absence is unavoidable, patterns of broken weeks can begin to impact progress and may become more difficult to address over time.

At Plymouth CAST, we believe that **every week counts** and that early support is important.

We would like to work with you to ensure that [Child's Name] attends school every day wherever possible.

Medical advice is clear that children with mild illness (for example coughs, colds or minor ailments) are often well enough to attend school. The NHS guidance *"Is my child too ill for school?"* may be helpful when making decisions about attendance.

If there are any barriers affecting attendance, please contact us so that we can work together to provide support.

If we do not hear from you, we will assume there are currently no additional barriers affecting attendance. However, we will continue to monitor attendance closely and may contact you again if concerns continue.

We remain committed to supporting [Child's Name] to attend school regularly and succeed.

Yours sincerely,

Dear [Parent/Carer],

Re: [Child's Name]

Thank you for attending the recent Pupil Support Plan (PSP) meeting.

As discussed, regular school attendance is essential for your child's educational progress, wellbeing and wider development. We understand that [Child's Name] has experienced periods of illness, and we appreciate the challenges this may present for your family.

However, we remain concerned about the ongoing pattern of broken weeks due to illness absence.

In accordance with the Plymouth CAST Attendance Policy, we now require medical evidence or supporting information in order to authorise any further illness-related absences.

This evidence should relate specifically to:

- the dates of absence; and/or
- any diagnosed or suspected medical condition affecting attendance.

Providing this information will help us work collaboratively with you and any relevant professionals to ensure that appropriate support is in place for [Child's Name].

Acceptable evidence may include:

- appointment cards;
- prescription evidence;
- NHS messages or correspondence;
- GP or consultant information;
- prescribed medication packaging.

Where absences become frequent or relate to an ongoing condition, schools may require more detailed medical information.

Please note that the school is unable to cover the cost of medical letters or reports.

If appropriate medical evidence is not provided, future absences may be recorded as unauthorised in line with DfE attendance guidance and Plymouth CAST policy.

We remain committed to supporting [Child's Name] and working positively with you to improve attendance and remove barriers wherever possible.

However, if attendance does not improve, further intervention may become necessary, including escalation to Tier 3 attendance procedures.

If you require further advice or support, please contact the school.

Yours sincerely,

Appendix 8 - Application for Exceptional Circumstances Leave

NOTICE TO PARENTS/CARERS

At Plymouth CAST, we believe that **every day in school matters**.

Good attendance supports children's:

- learning and progress;
- friendships and belonging;
- emotional wellbeing;
- confidence and routines;
- future success and life chances.

We recognise that family life can sometimes present important events, challenges or exceptional situations. We are committed to working respectfully, compassionately and consistently with families when requests for leave during term time are made.

However, parents/carers should be aware that the law does **not** give an automatic right to take a child out of school during term time for holidays or other absence.

Under the Education (Pupil Registration) (England) Regulations 2024, Headteachers may only authorise leave of absence during term time where there are **exceptional circumstances**.

Each request is considered individually, taking account of:

- the specific circumstances;
- the child's attendance history;
- the child's wellbeing and educational needs;
- the impact on learning;
- safeguarding considerations;
- the evidence provided.

Any absence from school disrupts learning and may affect educational progress. Even short absences can lead to missed learning, reduced continuity and difficulty reconnecting with routines and relationships.

If leave is **not authorised** and a child is absent from school, the absence will be recorded as unauthorised.

This may result in the school requesting that the Local Authority consider legal intervention, including Penalty Notices, in line with national guidance and local authority procedures.

We strongly encourage families to discuss requests with school before making bookings or arrangements.

Our aim is always to work in partnership with families, balancing compassion, fairness, safeguarding and every child's right to full-time education.

APPLICATION FOR EXCEPTIONAL CIRCUMSTANCES LEAVE

Please complete this form and return it to the school office at least **15 school days** before the requested absence wherever possible.

Important Information

If leave is not authorised and your child is absent from school, the absence may be recorded as unauthorised.

In such circumstances, the school may request that the Local Authority consider issuing a Penalty Notice in line with national regulations.

Penalty Notices are issued per parent, per child.

Current national Penalty Notice arrangements include:

- £80 if paid within 21 days;
- increasing to £160 if paid within 28 days.

Further unauthorised term-time absence within a three-year period may result in increased sanctions or prosecution under Section 444 of the Education Act 1996.

The school will always seek to work supportively and proportionately with families. However, we also have a legal and safeguarding duty to protect every child's entitlement to education.

Declaration

I confirm that:

- the information provided is accurate to the best of my knowledge;
- I understand there is no automatic entitlement to leave during term time;
- I understand the school will consider this request in line with legislation, DfE guidance and Plymouth CAST policy;
- I understand that unauthorised absence may result in legal intervention.
