St Joseph's Catholic Primary School

Newsletter

Friday 7th June 2019

Dear all,

I hope you all had a lovely half term. The children have come back refreshed and looking forward to a half term full of events such as Sports day, St Joseph's Got Talent, Sponsored bounce etc **Survey results**

Many thanks to everyone who returned 'The school as a Catholic Community' survey. The results were extremely positive which was really rewarding to see. The area that was highlighted as scoring the lowest with only 80% was 'The school actively prepares its children for global citizenship activities through a range of national and international links'. We will address that in our planning for September and I have already arranged to meet with a Headteacher from a school in South Africa next week with the view to having a link school. The full results are attached with this newsletter for you to see.

Instagram - e-safety

This is a reminder that children should not have their own Instagram account until they are at least 13 years old. Children have been reporting to us that they have seen images on Instagram recently that have upset them which have been posted by secondary school children they are friends with. We have talked to the children about what they can do but if your child is using your Instagram account (or has their own) please can you talk to them about what they are viewing. Thank you for your support with this. On this note, our June Online Safety Newsletter and the May Scomis Online Safety Newsletter are attached.

Photos

The Year 6s have come back in their hoodies and they look super. Next Monday it is school photos. Please can you ensure all children have their cardigans or jumpers in school and that all Year 6s also have their hoodies.

Flower Festival

Maple Class have been busy making flowers for the Flower Festival Pilgrimage. They have made beautiful flowers which are on display now in All Saints' Church until Sunday at 6pm. The display that Mr Edmunds has created with their flowers looks amazing. It would be lovely if lots of children could go and see the display there. Many thanks to Mr Edmunds for all his hard work.

Bicton Street party

The children performed so well at the Exmouth Festival. We are really proud of their bravery, to stand and perform on stage in front of so many people, as well as showcasing their great musical skills. Cherry and Willow Class have now been asked to perform at the Bicton Street party on 20th July at 3pm. The theme is the 50th anniversary of the first moon landing, so they will be performing some space-themed pop songs from across the decades. It would be lovely if lots of people could attend to support them. Besides our wonderful performers there will also be a variety of fun stalls, activities and performances throughout the day which all the family will enjoy.

Upcoming dates:

Monday 10th June - School photos, morning

Monday 10th June – Beech and Maple Class Mass, afternoon

Monday 10th June – Dartmoor 3 ball competition, group from Cherry and Willow

Thursday 13th June – Withycombe Football competition, group from Cherry and Willow Class

An updated list of diary dates for this half term has been sent out with this newsletter.

Best wishes & many thanks for your continued support Mrs Taylor-Bashford

Headteacher's Awards: FSU - Quinlan, Sycamore - Lucy, Alfie, Cherry - Aleksy, Brooke, Willow - Kobi,

Nell, Beech - Jack, Radina.

Gold Awards: Sycamore – Ella B, Cherry – Bella C **Silver Awards:** Sycamore – Amelia, Willow - Imogen

Online Safety Newsletter: June 2019

YOLO: Q&A App (17+)

Currently at the top of the App Store chart, YOLO: Q&A is a social networking app that is used with SnapChat (although not affiliated by Snapchat). YOLO is rated as 17+ in the app store, which means you should be at least 17 years old to download this app.

YOLO is an acronym for 'you only live once.' In YOLO, users request to "send me anonymous questions" which then posts the request in Snapchat (via their Snapchat story or to a group of friends). All questions are then sent via YOLO anonymously.

The NSPCC have issued a warning about this app as it can clearly be misused to send abusive or upsetting messages (Source: https://www.bbc.co.uk/news/technology-48214413).

Due to the nature of this app we would highly recommend that the age rating of this app is adhered to.

More information

- Safer Schools have produced this helpful YouTube video which summarises what YOLO is: https://www.youtube.com/watch?v=RQVRkMA9KZU
- More information about different anonymous messaging apps available and top tips can be found here: https://www.net-aware.org.uk/news/anonymous-messaging-apps-whos-asking/

Looking for a new game or app to try?

Fe is rated by PEGI as 7+ and is available on Switch, PS4, Xbox One and PC. It is an adventure game in which the player controls Fe, a fox-like creature.

The LEGO® Life app is suitable for 5+ and offers a safe environment for younger children to build and share their Lego creations. It introduces children to the positive elements of social platforms, such as being able to share with family and friends and comment (all moderated) and like other people's creations.

Use the S.H.A.R.E checklist

The government have released a S.H.A.R.E checklist to help you spot misleading news or information online to avoid it being shared.

When incorrect information is shared it can have serious consequences, for example it can lead to health scares and hoax stories.

So before you like, comment or share online, use the checklist which is available here: https://sharechecklist.gov.uk/

Instagram – let's keep it private

Whilst you should be over 13 years of age to have an Instagram account, if you choose to allow your child to have an account, make sure their account is **set to private**. This means that only followers that your child knows and accepts will see what they post.

Location Services

The Jumbo App is currently only available on iPhones but it is a great way to manage your privacy settings on Facebook, Google Search, Twitter and Alexa (Instagram to be added shortly).

For Twitter, it will make your tweets exist online for a time period chosen by you (and then they're saved on your iPhone). For Facebook, it will help you modify your privacy settings easily. For Google, you can clean old searches and for Alexa you can clean all your Alexa voice recordings. Jumbo cannot access any of your personal data, or track your personal behaviour.

Download the app here: https://itunes.apple.com/gb/app /jumboprivacy/id1454039975?mt=8

Further information available here:

https://www.jumboprivacy.com/

Lots of apps that we use can monitor our location, allow us to 'check in' at a location or share where we are.

It is important to talk to your child about how they use the location settings within apps e.g. checking in at home or at schools shows people where you

live/go to school and tells people when you are at home/not at home. **Reinforce that this is personal information.** It is particularly important to stress that it is risky to share their location if this can be seen by strangers.

Check your settings:

You can control which apps can see and use your location.

Android:

https://support.google.com/android/answer/6179507?hl=en-GB

Apple: https://support.apple.com/en-gb/HT207092

Snap Map

One example of an app that uses your location is Snapchat through the Snap Map. The Map lets users see where their friends are if a friend has chosen to share their location at any given time. You can change your location setting for Snapchat by following these instructions: https://support.snapchat.com/en-GB/a/snap-map-location-settings

More information:

 $\frac{https://www.childnet.com/parents-and-carers/hot-topics/location-services}{}$

Talking Angela app (4+)

Angela is a talking cat who copies what you say and you outfits, record her and then share the video of her with menus

presents, select different

The app is rated as 4+ by the App store but you should be aware that if the app is not in child mode (this is set when you input the date of birth when first using the app) then the user can open up YouTube (when the video button is pressed in the app) in the browser to show Talking Angela's videos which are age appropriate but obviously the child is then on YouTube so can potentially navigate to other videos that may not be appropriate (you should also be 13+ to use YouTube). If the app is in child mode then the videos that pop up are curated to a selected few and the child stays within the app but users are able to post comments on the videos (if they have an account) and see all comments regardless of having an account or not.

There was false news circulating about this app but it has since been shown to be a hoax. Originally users could ask Angela questions but this functionality has been removed.

Welcome to the May 2019 Scomis Online Safety Newsletter for Parents

More Screen Time News!

Latest guidelines from the World Health Organisation (WHO) advises babies and toddlers should not be left to passively watch TV or other screens. The guidelines recommend:

- more physical activity, better sleep and less screen time for under 5s
- sedentary screen time, including computer games should not happen for under 2s
- limit screen time for 2-4s to an hour a day less is better

The UK has no plans to update its own advice on screen use, although it says children should avoid screens before bedtime.

Read more from WHO here

Access and download the screen time guide and screen time parent fact sheet from the Royal College of Paediatrics and Child Health here

Do you know the difference between Instas, Rinstas and Finstas?

Does your child use Instagram?

Did you know the recommended age for users is 13+

Apex Legends

Have you heard about Apex Legends?

Pegi Age Range is rated at 16

Apex Legends is an online game, free to play and becoming increasingly popular with children and young people. It is known as a 'Battle Royale' game – players join small 'squads' of 3 players and fight other players to be the last squad standing.

Parents/carers need to know!

- An account has to be created requiring email address, user name and age
- Can be played on Xbox One, PS4 and PC
- Play is against other players (all ages across the world)
- You can team up with people you know (and don't know)
- First person shooter game with realistic graphics
- You can make in-game purchases (Apex coins range from £7.99 to over £79.99)
