Dear Parents and Carers,

**Let's go Zero campaign**

As a school we have signed up to the Let's go Zero by 2030 campaign. This is where we aim to eliminate/offset our carbon footprint by 2030. You can see <https://letsgozero.org/> for more information. At the moment we already recycle our rainwater, recycle our paper, cardboard, plastic, glass, turn off lights when we leave the room, compost where possible etc but there is more we can do. As a school it is vital we are tackling climate change not just by teaching the children about it but also by demonstrating it in school.

**Child Assault Prevention (CAP) UK workshops**

Next week Years 3-6 will be having workshops in school run by CAP UK. CAP UK is a school based project that works to reduce children's vulnerability to abuse. CAP equips children with the skills and strategies necessary to stay safe from harm and encourages them to grow up to be strong and confident young people.

**Resource to support parents' mental well-being**

In school we use a company called SSS for a lot of our safeguarding training. They have produced a '10 Top Tips Parent Resource' which is designed to offer practical advice on how parents can safeguard their mental health and promote their wellbeing. The resource is available as a document and short video presentation. The link to both resources is:

**Free online parent session: cyberbullying**

Thanks to smart devices and social media, bullying can come into a child's home. We know it's a big worry for parents. The Internet Legends programme in partnership with Google offers free live parent sessions with tips and advice for parents. This Cyberbullying session can be [watched at any time](#) by clicking on the link

**Bags2School**

Bags 2 school have been sent home again. The collection is 9am on Wednesday 26 May so please bring any bags to the front of the school, outside the office on that morning. All money raised goes to the PTA. Many thanks.

Many thanks for your continued support

Best wishes

Mrs Taylor-Bashford
