

Friday 27th May 2022

Dear Parents and Carers,

The children have had a fantastic Jubilee week. We started with an assembly about the Platinum Jubilee and talked about what we can learn from our Queen. The children have been really interested learning about the Queen and how things have changed over her reign. The children have worked really hard on their portraits of the Queen. They look really impressive. We hope that you enjoyed looking at them in our art gallery display last night.

Many thanks for all the cake donations and for those that entered the St Joseph Bake Off! We were staggered by how amazing some of the entries were! What amazing bakers you and the children are! Well done to the winners: Albert, Penelope, Arnie, Rupert and Lucie. We hope you liked your prizes.

This afternoon the children have a talk by a representative from Shelterbox. They will talk to the children about how the money the children raised is helping the Ukrainian families.

Primary Science Quality Mark Award

A huge well done to Mrs Jukes. Mrs Jukes is Science subject lead for St Joseph's and she has just been successful in gaining the Primary Science Award. To achieve this you have to demonstrate you are ensuring strong and positive impact in science across the school: Children make good progress across the school, building and consolidating their knowledge and skills, developing positive attitudes about science and its value to their lives and globally. It covers the four areas of subject leadership, science teaching, science learning and wider opportunities. Well done Mrs Jukes!

We hope you all have a lovely half term. Please remember Monday 6th is an Inset day so the children are due back on Tuesday 7th June.

Many thanks for your continued support.

Best wishes

Mrs Taylor-Bashford

Diary dates:

Friday 27th May – 3.30pm School finishes for half-term

Monday 6th June – Inset day

Tuesday 7th June – Children return to school for the summer term

W/beginning 7th June – Phonics screening week
